## NARRATIVE

On July 5, 2009, at approximately 1106 PM, City of Industry Sheriff's Station personnel responded to a missing juvenile call at Schabarum Park. A 14-year-old male resident of La Puente was hiking with a companion when he fell off the trail. The victim's family and friends attempted to locate him for several hours. When those efforts failed, they called the Sheriff's Department for assistance.

Industry Station deputies established a Command Post and coordinated the response of resources from the Los Angeles County Sheriff's Department's Aero Bureau and Special Enforcement Bureau - Emergency Services Detail, Los Angeles County Fire Department, and the Los Angeles County Police Department.

The Sheriff's Aero Bureau, helicopter unit Air-24, located the victim approximately 30 to 40 feet below the hiking trail. Deputies hiked to the victim and assisted him out of the brush. He was escorted to paramedics for an examination and treatment. He sustained minor scratches about his body and was transported to Citrus Valley Medical Center as a precaution.
